LeeCaring Communities (LCC) is a private not-for-profit long term care provider located in Edmonton, Alberta. The mission of LCC is to create resident focused communities that are respectful, caring and compassionate, where residents are encouraged to live each day with purpose and belonging. LCC has recently received a 3-year accreditation through CARF International.

At present, LCC operates a 96-bed Long Term Care home that is part of Alberta's publicly funded continuing care system. In October 2023, LCC will open a new 136-bed Long Term Care home (HoSome Place) in Edmonton's MacTaggart community. This site will also be part of the public system and will serve residents from all backgrounds.

The LCC Board is comprised of 10 volunteer members with diverse personal and professional backgrounds. It is supported by an executive director. LCC is seeking a Board member with extensive senior management experience with Alberta's Continuing Care system and who can assist the Board in meeting its fiduciary duties as they pertain to the delivery of care and other services to residents.
